Board Of Trade Meeting Monday Night

The Board of Trade met in the Town Hall Monday evening with President J. W. Evans in the Chair and 25 members present.

The minutes of the last meeting were approved and Lloyd MacPhee Membership Committee Chairman, collected sixteen memberships the others pledging themselves to join when the business house membership cards are ready for sale. For the first time, the Board decided to have a Business Firm membership in the Board graduated from $2.00 to $3.00, and special cards printed for this type of members.

John F. Salmon Chairman of the Road Committee and O. H. Snow, Secretary of the Municipality reported on the Welling-Craddock road and the possibility of getting this link graded up to the height and width of a secondary highway so that when, and if, the highway from Coutts north is surfaced, we can point to this piece of road bed as being satisoactry in every way for surfacing. These speakers felt that it would be a good lever in getting the road swung this way Mr. Snow said the Municipality was ready to proceed if the Province would assist as they did on the Stirling road. A motion was passed asking the road committee to draft a resolution asking for the assistance of the Government on this project and that a copy be sent to the Province and also one to our local M.L.A.

A motion was passed that we hold a one day Stampede July 1st, and that the proceeds go to War Effort, one half to the Lord Mayor's Fund for bomb victims, and one half to be spent for War Savings Certificates, and deposited in trust by the Board of Trade to assist in rehabilitating the Vets when they return home.

Meetings were changed from the first to the fourth Monday of each month to avoid conflict with other public meetings in the Town.

In an effort to encourage the use of the English language in public and on our streets the Legion will undertake the distribution of Cards for display asking that all speak English in as much as we are a part of the great British Empire.

NEWS NOTES

Dr. Madill took delivery of his new Chevrolet Sedan on Tuesday. It is a royal blue in color and a snappy looking car.

* * *

Mr. and Mrs. Frank Wesley and family moved back to their home in Wrentham on Monday after spending the winter here where Frank worked in the Sugar Factory.

* * *

Elder Winfred Litchfield, recently returned from the Canadian Mission was the speaker at the Raymond First Ward meeting Sunday evening and gave a very interesting talk and related some interesting experiences.

* * *

Elder Issac Holt, recently returned from the Southern States Mission was the guest speaker at Rotary Monday telling some of the customs and habits of the Southern people. Out of town guests were Roy S. Lee, M.L.A. for Taber, G. A. Clash, purchasing agent for the Provincial Government and A. K. Olive, superintendent of Treasury Branches throughout the Province.

TO THE CITIZENS OF THE TOWN OF RAYMOND

At this time we think we should enlighten the citizens upon some things which took place at the recent Trustees convention, at Edmonton. For the lack of space I am obliged to make this article brief. This covention was full of interest and was attended by a large number of deligates. Many interesting things were brought up and discussed, real problems pertaining to the child from the time be begins school until be completes the 12th grade.

The new optional courses of study are very much apprceciated and have found a place in every school, we have put four in our school, Dramatics, Jr. Business, Shop and Home Ec. The high cost of education is claiming the attention of the tax payer. All monies for this purpose comes from a tax leavy and is suposed to be spent to the very best advantage. A resolution was passed asking the government to join in with the other Provinces, to request the Dominion to assume a portion of the costs of Education. It was reported that the enlarged School Divisions were operating very successfully at a much lower cost, and the schools are administered more efficiently.

A condition arose here which the School Board took to mean a threat to place our district along with Cardston, Magrath and Stirling in the enlarged division. It was finally decided at a meeting of the joint School Board's to send a strong delegation to Edmonton to meet the Minister of Education. We met him Saturday morning at the parliament building, in a round table discussion and each board of course had the privilege of presenting their case. In short we are quite satisfied to carry on as we now are. But on the other hand if costs and taxes could be reduced, that would have to be considered very intelligently. The whole matter has not been settled definitely, two representatives of the Minister of Education will be sent here very soon to look into the problem and meet the School Boards.

Mr. Aberhart pointed out very clearly to us that so long as we are satisfied why bother let the school districts remain as they are.

We learn much at these conventions and prepares one to be of more value to a community in assisting to administer a school as large as Raymond.

Thanks a great deal for space in your paper.

D.G. Selman.

Chairman of Raymond School Board

Sunday evening's Conjoint M.I.A. meeting in the 2nd Ward was given by the Boy Scouts, with the principal talk on Scouting being given by Leon Harker.

Ratepayers Meeting Well Attended

The annual Ratepayers meeting last Friday evening was well attended, and every one present was there to learn more of the operation of and financial conditions of our Town and School District.

Mayor P. W. Cope celled the meeting to order, and asked for nominations for a Chairman, the choice falling on S. I. May and Wm. Redd was elected secretary.

The Financial statement was presented by W. L. Jones, Sec-Treas. of the Town, who went into considerable detail on some matters of Town business, and the report called for explanations by Councilmen Wm. Jensen and Lloyd MacPhee, Chairmen of the Waterworks department and Works and Property, who explained matters in their direct charge.

In the absence of A.H. Zabriskie, Sec.-Treas. of the Scheol Board who was in Edmonton to the Trustees Convention, Trustee J. G. Snow presented the Financial statement of the School District. This also brot forth some questions for the information of the meeting.

Mayor Cope made a brief report & several suggestions for the consideration of this year's Council and voiced his appreciation of the co-operation given by the Councilmen, School Board members and other public officials in the town.

A motion was passed accepting the reports, and also a very hearty vote of thanks for the public officials who have carried on so well during the past year.

An open discususion of civic problems was then entered into Discussion showed that our Town water system was decidedly expensive to maintain, and that unless we fovored bonding the Town to renew it, that profits from this department should be earmarked for a program of replacement. This was the sentiment of the meeting. Condition of our roads was discussed and it was felt that a gravel drive should be staged to improve some of our streets immediatcly, and that an annual drive should be staged to eventually have our main and cross streets passable in any weather and at any season. A central committee consisting of J. Wm. Evans, President of the Board of Trade, Frak R. Taylor, President of the Rotary Club, Rulon H. Dahl President of the Lions Club, Bishop J.O. Hicken and the Chairman of the Works and Property Committee of the Town, J. H. MacPhee, were asked to organize this drive and to call in what other assistance they might need.

In reporting on the proposed drilling for gas, no location had been found yet where the mineral rights were included in the title, and Mr. Medhurst was still seeking some parcel of land where title included these and where the location would make the sinking of a gas well possible.

The meeting adjourned at 10:30 after a very instructive two hours.

Jacks Edge Out Round Up 49-44

When we say that the Union Jacks won by a squeak in their game with Round Up, Montana, last Saturday night, we believe most fans will agree that it was a squeak and a narrow one. Seldom, if ever, have two more evenly matched teams met on the local floor, and from the opening whistle to the dying bell it was a game of touch and go.

Having met in Lewistown at the Montana State Basketball Tournament last winter when Round Up beat the Jacks, both teams knew the game would be no set up, and the Jacks went onto the floor to wipe out the defeat if possible and Round Up wanted another win if possible. The teams set a buring pace for the full forty minutes, and checked like demons. Fouls were frequent as the pace of the game made contact a foregone conclusion. They would rush down the floor bang into an opposing player, and the air would be full of arms and legs for a second or two while the boys finished the spill and gathered themselves up again. The fans were moaning, cheering, groaning, biting their fingernails or pounding their neighhor in their excitement as the narrow margin swung from one team to the other. The score was tied three times in the first half, and just about that often Round Up slid into the lead, to be caught by the Jacks, and then the Jacks would go up a couple of points, only to have the visitors knot the count again and then go ahead a brace of points in a spurt, only to have the Forty-Niners, rally again and dunk the apple to put them ahead or tie the score.

There were never more than about six points difference between the two teams, and usually the difference was about two points. The boys literally burned up the floor with their speed and everyone wondered how they kept it up. Even the referees were busy wiping sweat, and when the half time whistle sounded, Rolfson and Card were nearly as tired as the players from trying to follow them. Fans who were of nervous dispositions were nervous wrecks when the final bell sounded, and the last minute and a half, when the Jacks had a small lead and were fighting to hold it, when Round Up was pressing hard, and both teams dead tired seemed like an eternity, and when Ray pushed the bell for the finish a sigh of relief went up, and fans took their first easy breath in an hour.

The visitors were a fine bunch of sports, and played all the way. A win for them would have been just as popular as a win for the Jacks although Raymond was glad the Jacks won. It is no disgrace for any amateur team to be beaten by a team like Round Up or the Jacks, and if the Forty Niners ever get into this territory again we hope another game can be played. Incidentally, the Montana boys felt thrilled about their reception in Raymond, and said they had never visited a town where they had been better treated than here, despite the fact that they lost the game. They are on their way now to take part in the Amateur Basketball Tournament of the Western States, representing Montana, and we certainly wish them luck. They are a fine team and a fine bunch of fellows.

In the preliminary between the Idlers and Stirling M Men, Idlers took the game by a rather one-sided score, despite the fact that Stirling won at home the night before.

W. Rolfson and B. Card had the whistles for the Forty Niners-Jacks game and are to be complimented on their fine work in handling such a fast game, which because of the speed was rough in spots, though not intentionally so.

Fans were present from New Dayton, Warner, Lethbridge, Magrath, Cardston, Glenwood and many other points, and we believe we voice the sentiment of all when we say it was one of the finest games ever played in Raymond.

Players and points were as follows:

Round Up—Vranish, 15; W. Charlton, 11; E. Charlton, 10; Smith, 2; Pavich, 3; Jens; Weir, 3. Total 44.

Jacks—Nalder, 10; Mitchell, 2; Stone, 4; Turner, 13; Hicken, 9; Nilsson, 1; D. Rolfson, 7; Dunlop, 3. Total 49.

"Theatre Of Freedom" New CBC Broadcast

Last Sunday evening at 6:30 the first of a series of plays produced over the C. B.C. was presented and will be followed by eleven others.

These productions each have a definite point in them in the cause of democracy and the fight for freedom, and we are mentioning them here so that radio fans may tune in next Sunday evening for the second of this series. Some of the finest producers and stars of stage and screen have collaborated in the producton of these plays, and they will make an informative and interesting program, which will be watched for and greatly enjoyed by ever loyal Canadian. Next Sunday the production will be "Saint Joan" by the celebrated writer George Bernard Shaw. Tune your radio to any CBC station at 6:30 p.m. MST.

NOMINATION DAY MONDAY

Monday, Nomination Day in Raymond, witnessed the naming of eleven candidates for five vacancies on Council and School Board. The nominatiins were as follows:

For Mayor: Percy W. Cope, present Mayor and S. I. May.

For Council: L: Renan Pack and Clifford Gough, seeking re-election; and John F. Salmon, D. A. Bennett and Ernest H. Nilsson.

For School Board: D. G. Selman and C. E. Fawns, seeking re-election; and T. W. Meirum and Gerald J. Gibb.

Geo. E. Court is Returning Officer and voting will take place next Monday at the Town Hall.

GLADYS HOLT IS QUEEN

Miss Gladys Holt was Queen of the 2nd Ward Green and Gold Ball held Tuesday evening last, and Mark Dahl was her escort. They were crowned by Rulon Dahl and Mrs. Hommie Nalder, respectively, M Men and Gleaner leaders of the ward The ball was a very colorful affair, was well attended and was another highlight in the social activities of the winter.

LEE BREWERTON AGAIN PRESIDENT

At the Red Cross meeting Thursday night, Lee Brewerton was again chosen President of the local Red Cross, and C. R. Wing was made Vice-Pres., D. V. Gilmour remains as Secretary. Finnancial statement showed good respose to the drive with some cavassing yet to be done, so the report will be presented later. The ladies reported nearly 10,000 articles of knitting and sewing, which is very commendable. About 25 were present.

Mr. and Mrs. Frank Kenney and Mr. and Mrs. Dick O'Brien of Picture Butte were Sunday visitors in Raymond.

* * *

Mrs. T. J. O'Brien left this morning for Arizona, to spend the rest of the winter with her son Jesse and family, in Phoenix.

NEWS NOTES

Buy War Savings Certificates.

* * *

The Hon. Solon Low, Geo. A. Clash and A.K. Olive were here on Government business on Monday last and Mr. Low was expected in town again Tuesday.

* * *

John Hervey, one of Raymond's leading blacksmiths for many years, is in the Lethbridge hospital where he underwent an operation last week He will be home about next Tuesday. We are glad to report that he is improving nicely.

LIONS IN REGULAR MEETING

The Lions Club held their regular meeting Monday night at the Club Cafe, 1st Vice-Pres. Lloyd McPhee was in the chair. Regular business was attended to which included 5 new members joining the Club—Merza Pack, Jack Vanderhelt, Don Wilde, Allan Watson and Dean Rolfson. Two names were unanimously accepted as possible members; Mark Heninger and Robert Lawson.

An invitation from the Cardston Lions Club to attend their Charter night banquet was read, and it was decided to attend en masse.

After a tasty supper, Teddy Wagstaff as program Chairman took charge of a short program which included a comic song by Jos. McLean, and a short talk on Holland by Jack Vanderhilt.

Myron H. Holmes as Chairman of a committee authorized to put on an entertainment for the purpose of raising funds for the furthering of the High School band, reported that a program, supper and dance would be forthcoming, probably the 1st week in March, more details later.

A scheme proposed by L. D. King was decided on whereby there will be one War Savings Certificate purchased each meeting, the Lions Club donating two dollars and the lucky winner the other $2. This will make 2 certificates a month.

Tail twister Geo. Ralph was kept busy going around with his glass collecting the dimes from the boys, being fines imposed for being late, no pin, talking out of turn etc. one very legitimate fine was paid by L. McPhee for reading the Lethbridge Herald up side down.

Roll call showed 34 present out of a membership of 50.

The meeting closed by singing God Save the King.

A TIME FOR SERIOUSNESS

Raymond is faced with serious problems, with the war on and the constant calls being made for contributions to so many funds, and all well supported; with our water system demanding so much for repairs, our drainage system aggravating everyone in the Town; our boots growing and demanding more finance each year and our boys and girls demanding and certainly being entitled to a liberal education, it is a time when serious thought should be given to our civic affairs.

Taxes have just about reached the summit now. To increase them further, will be to discourage many who have been good taxpayers in the past from continuing their efforts. The town has many properties now which have been turned back to them and taken off the revenue producing rolls. Quite a portion of the Town to the west and north has been taken out of the Town and put in the Municipality, which means another reduction in town revenue. This means that with the mill rate at its present level, and the Town reduced, we will be obliged to try and meet the necessary expenses of the decreased area of the Town with a decreased budget.

Our water system has been showing a revenue yearly, even above the high cost of repairs and maintenance. However, in the past, this surplus has gone into the general account of the Town, and today the Town has a badly depreciated system on its hands with no revenue to commence replacement. The sense of the meeting last Friday night definitely pointed to earmarking the revenue from the water system above operating expenses and starting a program of replacement of the mains.

Now there is a place in all these matters for co-operation on the part of the Ratepayers. We have no fault to find with the Council. Having served on that distiguished body, we know something of the continual appeals that are made from citizens for this and that piece of work, and this and that change and so on. It seems that citizens will need to co-operate, and do a little more on their own and not call for quite so much from the Town. True, as taxpayers, they may be and likely are entitled to what they ask for. However, if taxes are to be kept down citizens must co-operate. No seven men can make a dollar do more than 100 cents worth of work, and unless we stay within our means, taxes must go higher.

An election is coming. We should forget personalities and dislikes. We should face our problems fairly and in our voting, we should support the men who in our judgment can best handle the affairs for the benefit of all, not forgetting that the good of the community depends on the good of the 2500 individuals who make up the community. We should be unbiased in our thoughts, and after elections, not only candidates, but supporters of the various eadidates, successful or unsuccessful, should unite 100 p.c. to the building up and advancement of our town and district and support to the last the men who are elected. That is democracy.

Czech' Trophy Of Air Victory

The Nazi Swastika, from a German bomber shot down by these two Czecho-Slovakian pilots, is being nailed by them to the walls of the rest-room of their squadron.

IMAGINE THIS IN CANADA!

(By G. W. H.)

Let me paint a picture for you. You are standing on your front sidewalk. Daylight has just come and the early sun is threading its light through the roofs and chimneys of the city houses to the East.

Inside your home, your geood wife is getting breakfast ready and your children are dressing for school.

You are very weavy, and you know that your wife & children are tired too, because all of you were awakened at one o'clock in the morning by the wailing sirens, which warned that enemy bombers were approaching. And all of you rushed to the bomb shelter you fixed up in the back yard, there to huddle uncomfortably for three hours.

The peace of the morring seems unreal. You still hear the deafening roar of the exploding bomb which fell close while you were in the shelter, see the terrified eyes of the youngest boy as the very ground shook beneath you.

Now you gaze across the street at the littered mess of broken brick and wood that just last night were the homes of your friends and neighbors. You shudder as your mind goes back to the scene of just three hours ago when you stumbled through the debris over there to reach your neighbor's shelter there to find two dead and two shocked by concussion.

In the quiet of the morning your thoughts turn oddly to the rubbers of bridge you played with your neighbor and his wife where that ghastly gap is. You remember how proud they were of their new living room furniture now pulverized with the brick. You recall the eagerness of your neighbors in talking about their hopes for the future, their plans for their two young children.

Then comes the sickening realization that all that has been shattered by explosives from the sky.

Suddenly, you wheel around and survey your own home. There it stands, sheltering your own immediate loved ones as it has in past years. Your wife's new curtains hang gracefully, even though the glass in front of them is gone. You wonder idly how much it will cost you to replace the glass, and your calculations are abruptly interrupted by another thought which makes your heart stand still for a moment:

'Will it be our house tonight?'

If such a picture were a reality, where would your inclination lie? Wouldn't you be thinking about steps which you must take as a Canadian citizen to thwart the effort of the enemy? Wouldn't you be hoping that our Air Force and Anti-Aircraft units would be stronger tomorrow than they were today? Wouldn't you be not only willing, but determined to give up every dollar you could lay your hands on to help make these defences stronger? With the lives of your family and your friends at stake, with such a constant threat against your property, the sum total of your life's work, you would count nothing too great a sacrifice.

Does somebody say, "Thank God that cannot happen in Canada?"

Can't it? Maybe not—if our Canadian boys and the armed forces of Great Britain hold out against Hitler in England. But let England fall, and it can and will happen in Canada.

No Canadian who pauses to think even for a minute or two can fail to realize that the battle in the skies over England is being waged just as much for the security of our Canadian home as it is for the British home.

With that realization, Canadians are not going to be callous enough to spend money on unnecessary luxuries and excessive pleasures—money which can be diverted to War Savings Certificates and similar investments so badly needed to streng then our defences.

Pioneering with TRANSPORTATION, the Bank of Montreal has team-worked with this industry all the way—from stage-coach to streamlined train; from sailing ship to modern ocean liner; from plodding canal-boat to swift-flying aircraft.

Hundreds of great and small carrying companies rely on the Bank of Montreal for the specialized services they need, while tens of thousands of the people who work for them are among our welcome customers who have savings or chequing accounts, or borrow for personal needs.

Co-operation Requires Freedom

Co-operation cannot prosperunder dictatorships or bureaucracies. It requires the refresh-ing air of freedom in which to develop. Where freedom isrushed co-operation droops and withers. Co-operators all overthe world should never forget this. The poem entitled "TheUnwhipped," written by Grantland Rice, might well be theirtheme.

"We are the ones to watch some day,
When the showdown comes at last;
We who have known the harder way
That lead through a rougher past;
We who have trained upon defeat,
Battered and beaten back,
As long as the heart is there to meet
The call for a new attack.

We've battled the head winds, fight by fight,
In and endless jam with Fate;
We've floundered on through the pit of night
Where the black gales howled their hate;
We've taken our beating standing up,
And now with the calling drums
We lift our heads, with another cup
To the next hard scrap that comes.

"Raw luck has lashed our softer roles
To a new red-heart romance.
It has burned the fat from around our souls
And given red blood it's chance;
And when at last the tide has turned,
With blood-stained flags unfurled
We'll cut our way to the place we've earned
Where the unwhipped rule the world."
—Wheat Pool Budget.

Air Raid Horn Heard in Montreal

Photo Montreal Standard

MONTREAL citizens were warned last weekend that the time has come for them "to prepare an air raid shelter" in every home, by Assistant Director Charles Barnes of the Montreal Police Department and organizer of the "CPC" Civilian Protection Committee (15,000 strong).

Above, Director Barnes, and William Fair of the Northern Electric Special Products Division, on the roof of the Company's building, test the Diaphone Horn, twenty-five of which spaced a mile and three-quarters apart on roofs that have been selected, would adequately cover the metropolis. These horns can be heard over an area of four square miles, but to overcome normal sounds within offices, stores, factories, homes and public conveyances, etc., sites half that distance apart have been chosen as a result of many tests.

These horns being operated by compressed air, a reserve supply is available to offset danger of power failure.

SERVICENTRE GARAGE

H. J. Fromm, Proprietor

Dodge and DeSoto Cars and Dodge Trucks

H. J. Fromm was in Lethbridge on Tuesday.

Three small boys, Jackie Henderson and Jackie Camp, both aged 5, and Bobby MacAndrew, aged 9, all of Calgary were drowned in the icy waters of the Elbow River at Calgary on Tuesday. Their bodies were recovered from the river Wednesday morning after a fifteen hour search. Police believe a piece of ice broke off and plunged them into the river when they got too far from shore.

FOOD FOR OUR PRISONERS OF WAR

(Red Cross News)

Approximately 28,000 Red Cross parcels of food for British including Canadian, prisoners of war in Germany have been shipped from the Toronto depot, and 18,000 of these are on their way overseas, Dr. Fred W. Routley, national commissioner of the Canadian Red Cross, reported yesterday.

The parcels are sent from New York on American export liners to Lisbon, where they are taken over by International Red Cross representatives who guarantee their safe delivery to the prisoners. The parcels go to Marseilles on a Red Cross ship which is permitted to pass thru the British blockade. They are then put aboard a Red Cross train bound for Geneva, and their distribution to the prisoners is handled from that point.

About 5,000 of the food parcels which left Toronto recently are aboard a ship carrying American Red Cross supplies to Europe.

The parcels of food, each one containing a sufficiently balanced diet to last a prisoner a full week, and being packed in Toronto at the present time. The original output of the depot which has been open 4 weeks, was 5,000 parcels a week, but the machinery has been speeded up to produce twice that number. The Red Cross is supplying the food at the direct request of the British Red Cross, whose work along these lines in Britain has been hampered by enemy air-raids.

LOST—Before Xmas, child's C.C.M. Tricycle. Reward for return to Rulon Dahl's home.

FOR SALE—Second lot east of Massey-Harris building. — See Paul Evans or call at Recorder Office. 3F7

February is War Savings Certificate month. Be sure and get yours, if not today, then tomorrow, sure.

Rumors during the winter have rather inferred that the large bombing school in Lethbridge would not be proceeded with. Reports this week, however, stated that tenders had been called for the necessary buildings and that they were to be completed by the end of May this year. This is expected to be the second largest bombing school in Canada.

RATEPAYERS OF RAYMOND:

DO WE CARE ENOUGH ABOUT OUR TOWN TO EVEN THINK ABOUT HOW THINGS ARE HANDLED AND HOW OUR MONEY PAID IN TAXESIS SPENT?

Do the Arrears grow less or do they grow more?

Do the Taxes increase?

Take time to see when the figures looked best.

Let's not bother about men we like best. We like them all no doubt. How do we like their administration?

Go back to Jan. 1st, 1937 and consider Tax Arrears. See how outstanding Arrears dropped in 1937 and 1938.

See how outstanding Arrears and Taxes in grew in 1939 and 1940.

Consult the Town Records to verify the figures.

Town Taxes in Arrears, Jan. 1st, 1937	$51,911.67	
School Taxes in Arrears, Jan. 1st 1937	66,085,45	
TOTAL	$117,997.12	$117,997.12
Town Taxes in Arrears, Jan. 1st, 1939	$ 42,151.20	
School Taxes in Arreears, Jan. 1st, 1939	51,959.27	
TOTAL	$94,110.47	$94,110.47
Total Decrease in outstanding Arrears in two years		$23,886.65
		$117,997.12

No increase in Tax Levy in 1937 and 1938.

Tax Arrears to begin with on Jan. 1st, 1939:

Town Taxes in Arrears, Jan. 1st, 1939	42,151.20	
School Taxes in Arrears, Jan. 1st, 1939	51,959.27	
TOTAL	$94,110.47	$ 94,110.47
Town Taxes in Arrears, Dec. 1st, 1940	$ 55,091.35	
School Taxes in Arrears, Dec. 1st, 1940	61,157.83	
TOTAL	$116,249.18	$116,249.18
Total increase in outstandiing Arrears in last two years		$22,138.71

Which looks best to You Arears going down or coming up?

Tax Levies increased on the Town and the School Levies by $18,012.70 in the years 1939 and 1940.

Does that Tax increase please most of us better?

Could we profitably, change our set up and work toward a City charter, get a City Manager, and make our Town a better place in which to live?

Take time and study it over.

Some Taxpayers.
